

EYES AND EARS

ICC APPLAUDS DISNEY CAST

Dear Cast Members:

I'd like to take this opportunity to thank each and every one of you for the tremendous part you played in making the 26th World Congress of the International Chamber of Commerce a tremendous success.

For one week we hosted the world's most influential and prestigious business leaders, and although they spent hours discussing economics, population and many other pressing issues, they also found time to enjoy our show. But the thing that impressed them the most was YOU!

From the opening night umbrellas to the closing night's gala dinner and fireworks, your performance was exceptional. All of the glitter and fanfare and fireworks could not outshine you, our cast members.

The compliments we have received about all of you remind me of a quote from a 1975 issue of the *Wall Street Journal*, "You can see more respectful, courteous people in Disney World in an afternoon than in New York in a year."

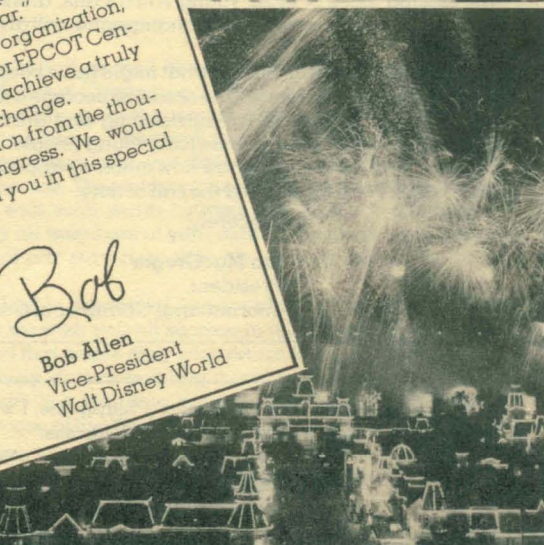

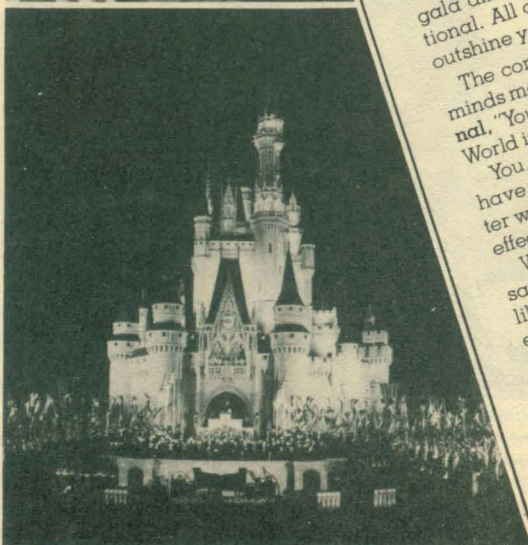

You, more than any other element of our organization, have reaffirmed to the world that our dreams for EPCOT Center will come true, that we have the ability to achieve a truly effective international people-to-people exchange.

We are still receiving letters of appreciation from the thousands of delegates who attended the Congress. We would like to share a few of their comments with you in this special edition of *EYES & EARS*.

Again, thank you for all your efforts.

Bob

Bob Allen
Vice-President
Walt Disney World

The gala opening ceremonies were held on Sunday evening, October 1st in front of Cinderella Castle and featured a speech by President Jimmy Carter.

Our Main Street Party after the opening ceremonies could have been a disaster when the rain came . . . but quick thinking cast members promptly appeared with umbrellas and saved the party!

Mr. Donn Tatum
Chairman of the Board
Walt Disney Productions

Dear Donn,

I want to tell you how sincerely all of us at the Congress appreciated the work of your staff during the rainstorm at the Magic Kingdom after the opening Sunday night.

I have heard dozens of comments from our European and other guests paying tribute to the friendly and efficient way those young people helped to save the day when we faced that most unusual rainstorm.

The smiling faces of those young Americans, drenched to the skin, bringing hors d'oeuvres and champagne, will always be remembered.

Indeed it was they who turned what might have been a disaster into a triumph of comradery. The occasion became a memorable evening of friendship and an outstanding and dramatic demonstration of our wonderful American young people.

I hope you will let them all know how much we appreciated their efforts, which were far beyond the call of duty.

Sincerely,

Ian MacGregor
President,
International Chamber of Commerce

"The 1981 Congress will be in Manila, Philippines. I wish I could take all of you with me to help plan that Congress."

Per-Magnus Emilsson
Chief Administrative Secretary
International Chamber of Commerce

Dear Sirs,

All the members of the British delegation to the ICC Congress have asked me to let you know how greatly impressed they were by the cheerful efficiency with which the Walt Disney World staff coped with the weather's intervention at the splendid Opening Ceremony on Sunday evening.

The young people won the affectionate admiration of us all by their unselfish determination to let nothing mar the success of the occasion nor interfere with the individual comfort of the delegates and guests. They put up a truly magnificent display.

I should be grateful if you would convey our warm thanks and congratulations to them all, including those who continued to serve us with refreshments, provide us with umbrellas and to entertain us with their music, singing and displays despite the down-pour.

Yours Sincerely,

A. A. Golds

Director.

British National Committee ICC

Many of the ICC delegates commented on the cheerful way our hosts and hostesses continued serving Champagne and hors d'oeuvres despite the rain. One was even overheard to say, "In New York the employees would have walked off the job. In Chicago there would have been a work stoppage. But around here tonight, the employees just got better."

"... It is appropriate that I write to you of your staff's assistance to me and my staff. When we work in a less than familiar facility, it is necessary for us to rely on our host organization for certain logistical details. Often times in these situations, it happens that the level of cooperation is only perfunctory. It is a pleasure to state the level of cooperation from your staff was beautiful, and truly a tribute to your organization. ..."

John Ponchock
President, Danish Interpretation System

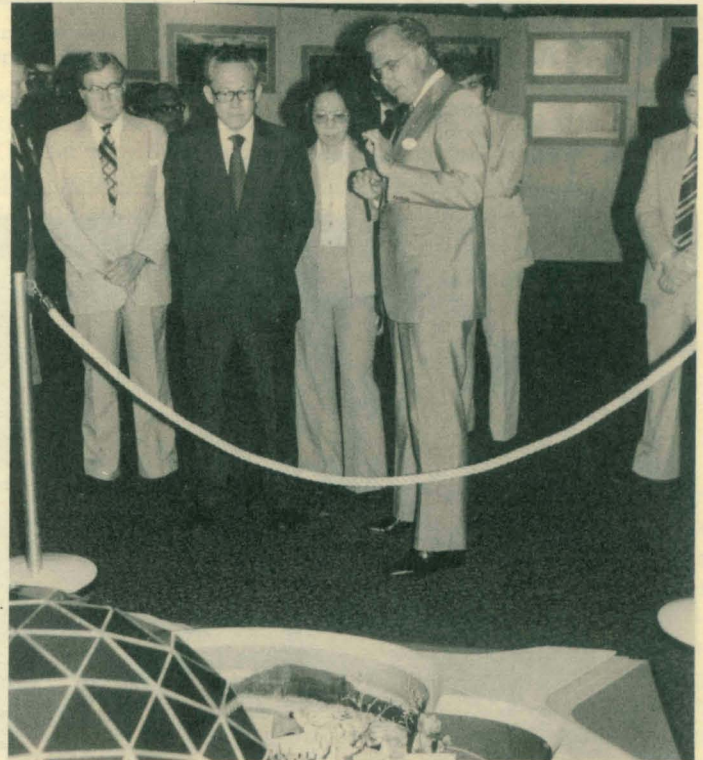

Each evening after the ICC Activities were completed, a team of cast members from Creative Services, Design and Development, Photography and our Print Shop prepared a newsletter for ICC Delegates. They did take a few minutes off to pose for a snapshot in front of the special flower arrangement created by our landscaping department to welcome ICC delegates.

To assist delegates with questions and any problems that might arise during their stay at Walt Disney World, and ICC Activities Desk was set up on the second floor of the Contemporary Resort Hotel. Hostesses helped arrange special tours and dinner reservations for delegates and also helped them locate ICC meetings.

During the various evening activities throughout the week of the ICC Congress our Walt Disney World hostesses assisted guests with directions and questions and occasionally posed for photographs at the delegates request.

During the ICC Congress **Donn Tatum**, Chairman of the Board of Walt Disney Productions and **Card Walker**, President and Chief Executive Officer of Walt Disney Productions explained our EPCOT Center concept to **Lee Kuan Yew**, the Prime Minister of Singapore.

Among the many other dignitaries who toured our EPCOT Center presentation was **Carlos Romulo**, Foreign Minister of the Philippines. **Dick Nunis**, Executive Vice-President of Walt Disney World and Disneyland, explained the concept behind our Sea Pavilion in Future World.

"... On my behalf, as well as on behalf of the delegation of the Lebanese National Committee of the I.C.C., I wish to express our gratitude for all the many thousands working in Walt Disney World have done to make our stay with you such a pleasant and unforgettable experience and this 26th I.C.C. Congress such a resounding success. The combination of technical competence and excellence with such warm-hearted and spontaneous friendliness among all members of your staff is one of the most striking memories of our stay here that we shall all be taking home with us.

We were highly impressed by your plans for your new EPCOT Project and we wish you all success in its implementation. Also, we pray God that peace may soon return to our battered country so that we may start re-building it and perhaps see, one day, a Lebanese pavilion standing among many others, in that wonderful showcase of the World."

Adnan Kassar
President Lebanese National Committee of the ICC

"Your Empress Room is a magnificent food experience as is your Gulf Coast Room; but to be perfectly honest your banquet food surpassed everything."

Per-Magnus Emilsson
Chief Administrative Secretary
International Chamber of Commerce

At our Contemporary Resort Hotel "A Taste of Americana" was held three consecutive nights to give our foreign visitors an example of American cuisine and entertainment.

"... If you wanted to convince a great number of influential persons from all over the world that Disney World is a beautiful vacation center as well as an extremely well run business outfit, you certainly reached your aim.

Most of our delegates remarked on the friendliness and politeness of all Disney World staff, an appreciation I fully agree with..."

Hans Koenig
Secretary General
German Delegation to the ICC
